

Ryan Underwood

Objective

I am looking for a challenging work environment that will put my experience and skills to optimum use. I have a lot of knowledge to offer and want to be able to contribute to, as well as learn from the ever-changing web experience on the Internet.

Strengths

- A strong sense of design and usability concepts for web sites
- The ability to explain ideas and information to other people in a clear and understandable way
- Ability to manage a group of people as well as being a key player in any size team
- Putting creative concepts into action on either paper or computer

Employment History

Marker 5 Financial Services, Fort Myers Florida *IT Manager*

July 2007 - Present

- Run full IT operations in Fort Myers Florida of a marine financing company
- Developed Marker 5 Financial Services web division. The Web division included a MYSQL database in which I built to add electronic records of our boat dealers. It has a PHP front end that allows updating, adding and deleting records, along with the ability to insert database data via FDF into printable PDF forms for processing.
- Created Marker 5 website that hosts an online credit application that users can fill out and submit. The submitted data is sent via FDF and inserted into a designated printable application
- Built tools to unify web development standards and practices

Swamp House Grill, Debary, Florida *IT Manager / Assistant Manager*

June 2003 – July 2007

- Built three versions of Swamp House restaurant website, along with campground website in which restaurant was located
- Managed MICROS restaurant computer systems by updating menu items, creating new applications for the remote systems. Created GUI for new menu ordering screens
- Designed several menus spanning from full dinner menus to table tents
- Created several instances of billboard artwork to advertise restaurant
- Contributed to the graphic design needs of the company including web, print and advertising media
- Ran the restaurant by creating employee schedules, and doing lower level employee jobs when needed

Heathrow Cable Company, Lake Mary Florida *Data Technician*

Summer of 2001

- Collected customer data for a marketing campaign so Cable Company could target satellite dish users
- Updated and maintained Heathrow Cable Company website

Skills

- Adobe Photoshop CS2, Adobe Illustrator CS2, Adobe Acrobat 8, Adobe Premiere, Dreamweaver, HTML, XHTML, DHTML, CSS, PHP, MYSQL, FTP, Strong Hand Coding, Microsoft Word, Excel, Outlook, PowerPoint, Access, Visio, Visual Basic, Advanced Computer Usage/Knowledge
